4th MLAG ANNUAL CONFERENCE 2018

14th January 2018 | 9.00am - 5.00pm
Auditorium, India Habitat Centre, New Delhi

INVITATION

More than three fourths of the doctor community have faced violence of some or the other kind. Almost two thirds of the doctors face a legal complaint or a law suit by the end of their careers.

It is a telling commentary on the state of doctors in India. Medical negligence cases have exponentially risen. Several young doctors have been forced to work under sub human conditions and are being paid a pittance. To top it all the whole admission process to the medical colleges is steeped in corruption. Media bashing of doctors is at its worst. A harsh reality is that no section of the society today looks up to a doctor, forget looking up to him with awe, that doctors of yesteryears were used to.

It is clear that we have to fight our own battles. And to that end we need to equip ourselves with the knowledge that helps protect our interests. To achieve that, at least in part, we are hosting this 4th annual MLAG conference in Delhi where the endeavor is to address some of these issues. We promise you a very stimulating fare and would be delighted to have you amongst us for the deliberations. I on behalf of my team extend a very warm welcome to all of you and eagerly look forward to meet you.

UNITE OR FACE ANNIHILATION!

Warm regards,

Dr. Ashwini Kumar Setya
MD, DM, PGDMLE
Organising Secretary

HIGHLIGHTS OF THE PROGRAMME

- Violence against doctors and medical establishments
- Landmark judgements
- End of Life Care: Legal Dilemmas
- Mental health
- Debates: Ethics - Written in stone or change like fashion
- Unborn and the law
- Draconian acts and rules: PCPNDT, CEA, NMC bill
- Use of generic medicines: Taking power and autonomy away from doctors
- Why perceived medical negligence is subjected to media trial always
- Vexatious issues in emergency medical care.
- Ethical conundrum: Medical education, organ transplant, advertisement
- The Alternative Dispute Redressal (ADR)
- When police knocks at your door
- You receive Court summons
- Selected questions and problems from delegates, invited in advance
- Indemnity insurance: Helpful or just a false sense of security
- Capping the compensation
- Non technical skills
- Moot court
- By blaming all others can we absolve ourselves of introspection

Early Bird Registration: Up to 15th Sep – ₹1500/-
Up to 15th Dec – ₹2000/- | After 15th Dec – ₹2500/-
